

Project Part 1

1. The name of your website
 - Garuda Consultants LLC
2. The description of your topic: must contain at least 5 sentences
 - Garuda Consultants LLC is the expert in providing business solutions for small and medium enterprises. They offer a variety of services to improve your business: from strategic planning to mentoring and coaching, financial management assistance, the different technologies and programs, to digital transformation and switching to paperless work. They work in partnership with the customers, clearly understanding in detail the goals of partner business, what will be the final result, and offer your particular solutions to improve efficiency. The Consultancy will always use proven methods as the desire to develop new advanced strategies. They only do what is useful and truly effective.
3. A list of each of the page names (Note: About Us would be a page, but login would not (That's more like a popup feature)).
 - Home
 - About Us
 - Services
 - Team
 - Contact
 - Resources
4. A description of the data you will be storing, manipulating and viewing. Go Into details, e.g. We will be storing a list of tools (Tool name, description, price, producer, ...). Only the administrator will be able to add / edit / delete, so we will need user accounts with login security.
 - We are going to hold records about their clients, and store all information such as company and contact details as well as project specifications. The website will also have a directory of consulting services, each service having its name described, and priced (they are below). For security reasons, we will have a login page so only administrators will be able to add, update or delete client records as well as service information. We might also be storing company details(like name and size), company contact information (email, phone number), project information(name, objectives), service details(service requested, contract), communication history(meeting notes, email follow-ups), billing information(billing address, payment records), etc.

*All Pricing
